## VIRGINIA STATE TROOPS IN THE REVOLUTION.

---

(From State Auditor's Papers, now in State Library.)

[Among the papers and books transferred from the Auditor's Office to the Library are a number of loose sheets, which are evidently the pages of an account book from which the covers have dropped. The first page, dated 1781, is evidently out of place, as the payments for services in the State forces during the Revolution begun in 1775. The book, like the "Militia Book," printed some years ago in this Magazine, supplies many names and details.]
